

Tarpaper Recycling

Sorting Guidelines

In order to avoid uncertainty regarding the tarpaper waste, there is a short sorting guideline listed below.

- + Unlimited sizes
- + full rolls
- + Tarpaper seam
- + sheet metal
- + stone/gravel
- + Cut-offs/offcuts
- + Multiple layers of roofing felt at once
- + 2% foreign objects

- Wood/battens
- Insulation materials
- Regular paper
- Felt underlay
- Other impurities
- Iron and aluminium
- Rubber
- Hardened bitumen
- Roofing felt with adhesive on both sides

If you have any questions regarding the sorting guidelines, you are always welcome to contact Tarpaper Recycling ApS at +45 40 92 17 08
